

### Now it's your turn

Draw your own superfinger adventure. Think of a problem that requires a finger-based solution and show Superfinger solving the problem.

### OR

Create a superhero of your own.

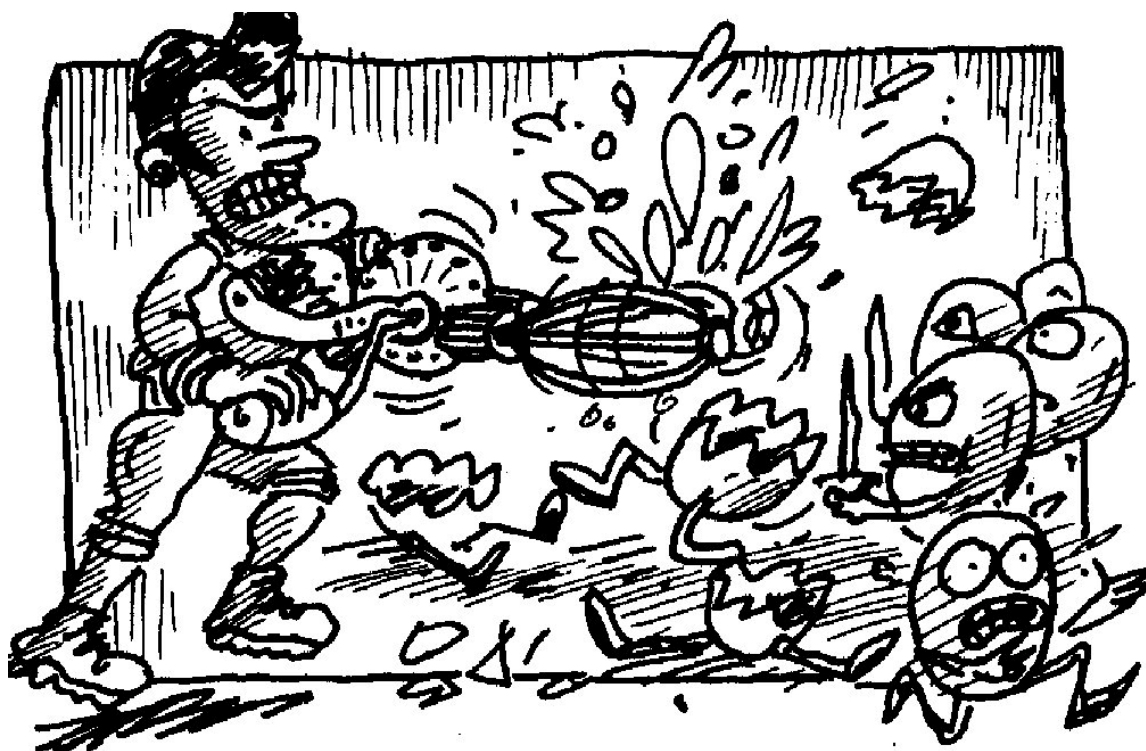

Pick an ordinary object from the list below.

Now imagine that it is the main weapon of a superhero.

What would it be good for?

How might it be used—for self-defence, attack, propulsion?

Now start creating the character who uses this item—for example, Egg-beater Man ... he fights bad eggs.

### Objects you could base your superhero on:

- rubber duck
- tin opener
- electric leaf blower
- hairdryer
- tweezers
- toilet paper
- fork
- barbecue tongs
- hammer
- hamburger
